

# 2015 Build Marble Falls

The 2015 Build Marble Falls initiative aims to create new home inventory in the community to meet the demands created by the construction of the Hurd Regional Medical Center, other developments, and the substantial number of new jobs in the area.

There is an existing inventory of undeveloped platted lots in a variety of subdivisions, multiple master planned communities, and a variety of larger undeveloped parcels within the City that provide options for new single family home sites.

## The Benefits:

The 2015 Build Marble Falls single family home initiative **waives** the following fees for construction of new conventionally site-built single family homes within the Marble Falls city limit.

- Building Plan Review fees
- Building Permit fees
- Subcontractor Permit fees
  - Electrical
  - Mechanical
  - Plumbing
- Water and Wastewater utility tap connection fees

A convenient tool for builders/contractors to utilize when submitting a new project within our City limit is our new online permitting system:

[www.MyPermitNow.org](http://www.MyPermitNow.org)

- *Apply Online*
- *Track Application Progress*
- *Pay Fees Online*
- *Print copies of your permits anytime*
